What's New in the?

TrayDevil is an advanced system tray utility that allows you to minimize any window to the system tray. It also comes with a lot of useful tools and tools to simplify your Windows experience. Features

● Various setting options ● Customizable Hotkeys ● Multi-language support ● Display a message

countdown before shutting down ● Display a message when launching application ● Auto-hide the system tray clock ● Use a specific icon ● Support your system tray to display a text message ● Supported window types: CMD, EXE, HTA, INF, OCX, OLE, SCR, SYS, SWF, VB, VBS, VBScript, VBE Use the help files or the built-in application help for instructions TrayDevil FAQ: Can I use TrayDevil in place of Windows? Yes, TrayDevil will replace Windows system tray. However, it does not come with the system tray functionality by default. TrayDevil can create its own menu bar and tray application icon. You can also create your own menu bar. What if I want to switch back to Windows system tray? TrayDevil is designed to be a Windows replacement for the system tray. If you are looking to create your own tray, it is recommended that you look for a different application to do so. How to minimize a window to the system tray? You can use the taskbar button, the built-in menu and the shortcut key combination. For example, when you want to minimize a window, you can use Ctrl + Alt + D to minimize it to the system tray. What if I want to close the window with this key combination? The key combination for closing the window is Ctrl + Alt + F4. TrayDevil does not add this functionality, it is the default functionality of Windows 7. You can change the shortcut key combination to close a window by following the instructions on this FAQ page: How to create a custom menu? If you have a different desktop environment like GNOME, you can create your own menu by using the menu editor. You can install it from the PPA: How to change the tray icon of TrayDevil? Right-click on the tray icon of the tray and you will get an option of changing the icon. To change it, you can simply drag the icon from the tray to any desired location. TrayDevil will change the application icon in the tray as well. TrayDevil Download TrayDevil is available for Windows 7, 8, 8.1, 10, and Windows Server 2008 R2, 2012, 2016

System Requirements For TrayDevil:

REQUIRED Windows 98/Me/2000/XP/Vista/7/8/10 (64-bit only) 1 GB of free hard disk space (minimum system requirements for installation) 2 GB of RAM (2 GB minimum) RECOMMENDED 4 GB of RAM (4 GB minimum) NOT RECOMMENDED 8 GB of
